

# Hideaway

Cash Cash

Away, away  
Away, away  
Away, away  
Away, away  
Away, away  
Away, away  
Away, away  
Away, away

I won't hide away, don't try to lock me up  
And nobody knows what's going wrong, we know  
So get in my face and I won't turn away  
Away, away  
Away, away

I'll never hide away  
So take a shot at me  
Out of my hands and let them understand  
You better believe I'll never hide away  
Away, away  
Away, away

Away, away  
Away, away  
Away, away  
Away, away

You better believe I'll never hide away  
Away, away  
Away, away

Away, away  
Away, away  
Away, away  
Away, away

I won't hide away, don't try to lock me up  
And nobody knows what's going wrong, we know  
So get in my face and I won't turn away  
Away, away  
Away, away

I'll never hide away  
So take a shot at me  
Out of my hands and let them understand  
You better believe I'll never hide away  
Away, away, away...

Away, away  
Away, away  
You better believe I'll never hide away  
Away, away  
Away, away

I'll never hide away  
So take a shot at me  
Out of my hands and let them understand

You better believe I'll never hide away  
Away, away, away...

Out of my hands and let them understand

Away, away  
Away, away

Away, away  
Away, away

You better believe I'll never hide away  
Away, away  
Away, away
