

# Wasted Love

Cash Cash

Tonights the night girl  
Yeah you and me are going to be  
More than wasted love

Baby come take a shot  
And pull the trigger of love  
I'm sick of feeling numb  
I'm sick of wasted love

This love is so messed up  
Its over rated  
I don't know what to do

Wasted love tonight  
This is only wasted love  
I'll take you home tonight  
We'll be more than wasted love

Because it's wasted  
We're always wasted  
I'm sick of wasting all of my love

Wasted love tonight  
We'll be more than wasted love  
More than wasted love

Baby let's ditch this bar  
And take it to the back seat of your car  
Tomorrow we'll forget  
About this wasted love  
This love is so fucked up  
It's over rated  
I don't know what to do

Wasted love tonight  
This is only wasted love  
I'll take you home tonight  
We'll be more than wasted love

Because it's wasted  
We're always wasted  
I'm sick of wasting all of my love

Wasted love tonight  
We'll be more then wasted love  
More than wasted love

I'm not a love drunk  
This ain't a love story  
It not a bad romance  
It's ain't no top forty  
But if I had the chance  
And we could make it last  
Would it be real or am I wasting all my love

Wasted love tonight  
We'll be more then wasted love

More than wasted love

Because it's wasted  
We're always wasted  
I'm sick of wasting all of my love

Wasted love tonight  
We'll be more then wasted love  
More than wasted love
