

# Drowned In Emotion

## Caskets

Bright lights, are fading  
It won't be long before they've gone  
The life that I'm making  
And I don't wanna lose your company

I just don't believe it  
That you would even scream my name  
So if I don't belong please tell me

Falling through the cracks I'm frozen  
Underneath the lights  
Forever it ever builds  
'Til I'm drowned in emotion

Fighting through the fear I've woken  
Nowhere left to hide  
Forever it ever builds  
'Til it's gone in a moment

I come alive  
But still I feel this numbness smother all of my pride  
Divided by a lack of truth  
Surrounded, lost in solitude  
Absorbing life and what it holds  
To love and live before it goes  
I can't carry the weight of the world

Falling through the cracks I'm frozen  
Underneath the lights  
Forever it ever builds  
'Til I'm drowned in emotion

Fighting through the fear I've woken  
Nowhere left to hide  
Forever it ever builds  
'Til it's gone in a moment

But now it's fading away  
And no one even knows my name  
So if there's a way please tell me

Falling through the cracks I'm frozen  
Underneath the lights  
Forever it ever builds  
'Til I'm drowned in emotion

But now it's fading away  
And no one even knows my name  
But now it's fading away  
And no one even knows my name

So if you're fading away  
And no one even knows your name  
And no one even knows your name
