

In The Silence

Caskets

Well I'm sorry, I'm broke inside
Same story, just different lines

I'm screaming

Help me drown
Tie the weight and let it drag me down
While my bones collapse in on themselves again
To embrace the life I chose

When the world is on fire
And I'm the first to ignite
Leave me to burn through the static

Just take me to that place

When it's silent and I can't let go
Of the moment and I always lose control
Time is frozen, I'm alone

I'm screaming, I bleed every time
I'm screaming

I had dreams, then you made me wanna set them free
Showed me where to hide my insecurities and I thank you
Now I'm ready to let go of you

In a world that's on fire
Only you were my light
Help me surround me in darkness

When it's silent and I can't let go
Of the moment and I always lose control
Time is frozen, I'm alone

I'm screaming, I bleed every time
I'm screaming

Finally figured out, what I want, I can see
Finally figured out, now I know I can breathe
Finally let it out, nothing can silence me

Well I'm sorry
These scars I hide
Remind me
How hard I've tried
I was lost then
But still I stayed
I'm taking my chance now
And I am not afraid

When it's silent and I can't let go
Of the moment and I always lose control
Time is frozen, I'm alone

I'm screaming, I bleed every time
I'm screaming
