

# Make Me A Martyr

Caskets

Break me down  
I'm nothing  
Break me down  
I'm yours  
So break me down  
I'm nothing  
Yeah, break me down  
I'm yours

Yeah, we were lost in the deep end  
We were caught in the moment  
In the hopelessness  
That we live in  
But we'll just pretend  
I'm running scared from my heaven  
I'm slowing down every second  
When I hold you high  
I lose all control

Break me down  
I'm nothing  
Break me down  
I'm yours  
You make me feel nothing  
Leave me to rot  
You make me feel nothing  
Come take your shot  
You made me a martyr  
Take all I've got  
You're breaking me  
Breaking me  
Tear me apart

You could take it if you wanted it  
You could take it if you wanted it all  
But you'll never give back  
Do you want a bit?  
We could dive in and out of it  
And you can always haunt and taunt me  
Pretend I don't see  
Do you have enough of it?  
Yeah, do you have enough of it?

You make me feel nothing  
Leave me to rot  
You make me feel nothing  
Come take your shot  
You made me a martyr  
Take all I've got  
You're breaking me  
Breaking me  
Tear me apart

Stop me and break me apart  
So you can have enough of it  
So you can have enough of it  
I'll take it and let it go on

Break me down  
I'm nothing  
Break me down  
I'm yours  
Break me down  
I'm nothing  
Break me down  
I'm yours

Drop me from the sun  
And watch me burn  
Choke me, suffocate me  
It's my turn

You make me feel nothing  
Leave me to rot  
You make me feel nothing  
Come take your shot  
You made me a martyr  
Take all I've got  
You're breaking me  
Breaking me  
Tear me apart

Drop me from the sun  
And watch me burn  
Choke me, suffocate me  
It's my turn
