

Nothing To Hide

Caskets

Your green lit eyes
Haunt me in every way
Feeding your need to find lies
A comfort you seek within
Your beating heart
Surrounds me like your loving arms
But you cry again to me
As if you planned it all out just for fun

If you don't wanna know, don't ask it
Just keep it in the back of your mind
If you don't wanna know, don't wonder
Believe me I've got nothing to hide from you
Leave me I've got nothing to hide from you
Leave me I've got nothing to hide from you

My freedom cries
I feel aware that here I know nothing is real
I'm going nowhere
So I'll just stare at the ceiling and pray it all goes away
But this debt isn't mine to pay
Yet it's fallen on me either way
Now I know I can finally say
Walk away

If you don't wanna know, don't ask it
Just keep it in the back of your mind
If you don't wanna know, don't wonder
Believe me I've got nothing to hide from you
Leave me I've got nothing to hide from you
Leave me I've got nothing to hide from you

If I read between the lines
Replay everything inside my head
Break away from everything you said

If you don't wanna know, don't ask it
Just keep it in the back of your mind
If you don't wanna know, don't wonder
Believe me I've got nothing to hide from you
Leave me I've got nothing to hide from you
Leave me I've got nothing to hide from you
