

Save Us

Caskets

It might take a little while, but you'll see sin
And you'll see preachers
They pray for the hands of God to reach down
And try to save us

We should've saved the world, but we never, ever listened
Did it anyway, knowing all the repercussions
And then

I've seen the pain, the blame
Cast down on you
Tell me why they did it anyway, did it anyway
Burn it all away, burn it all away
Say what you want to say
Believe what will set you free

It might take a little while
But we'll see another world
And we'll always talk about
The future lost to greed

We could've saved the world, but we never, ever listened
Did it anyway, knowing all the repercussions
Breathe again

I've seen the pain, the blame
Cast down on you
Tell me why they did it anyway, did it anyway
Burn it all away, burn it all away
Say what you want to say
Believe what will set you free

How will you be set free?
Lord, do you know what my name is?
Father, can you open eyes?
As we are the sinners before you
Searching for truth in our cries
Lord, do you know what my name is?
Do you?
Father, can you see my face?
Father, can you see my face?
Can you?

I've seen the pain, the blame
Cast down on you
Say what you want to say
I've seen the pain, the blame
Cast down on you
Believe what will set you free
