

# The Only Ones

Caskets

Maybe it's true  
That I've lost all I love  
But dreaming can't help me  
To turn my mind off  
I'm completely empty  
I can't take much more  
But I'll struggle through this  
Til I rise or fall

I'm bleeding out the pain but it holds on  
Feeding the love I had but now it's gone  
Now you're no longer here I'm on my own  
It's hard to imagine I'll ever move on

You were the only one  
You were the only one  
Who understood the pain

We were the only ones  
We were the only ones  
Now there's only me

Maybe it's true  
I've lost all I love  
It's my mixed emotions  
That you got sick of  
I can't shake the feeling  
I could have done more  
The past is the past that's not worth living for

I'm bleeding out the pain  
But it holds on  
Feeding the love I had  
But now it's gone  
If you're not here I'd rather be alone  
Remembering memories  
Like when you said to me

You were the only one  
You were the only one  
Who understood the pain

We were the only ones  
We were the only ones  
Now there's only me

And now there's only me  
And now there's only me  
I know I still speak to you in my sleep  
I'm aware that you're gone but still it cuts deep  
I'll see you again with my own two eyes  
As I cross my heart and hope not to die

Can you hear my voice as you fall asleep  
Did you feel my pain when you had to leave  
You'll see me again with your own two eyes  
When I cross my heart and hope to die

Break these chains (And hope to die)  
Break these chains (And hope to die)  
Break these chains (When I cross my heart and I hope)

You were the only one  
You were the only one  
Who understood the pain

We were the only ones  
We were the only ones  
Now there's only me

We are the only ones  
We are the only ones  
But yet we still live on  
For you we still live on
