

## What Have I Become?

## Caskets

Where's my heart?  
Am I hopelessly broken?  
Feels so far  
Dreaming, wondering where you are

I would stare into the sun  
If I thought it would find someone  
Who could fix the fractured one  
That I've become  
What have I become?  
What have I become?

Feel me  
Shattering all my will to live  
But I feel you closer  
Than ever before  
I think I'm starting to see through the storm  
I feel you closer  
Than ever before  
I feel you close

I would stare into the sun  
If I thought it would find someone  
Who could fix the fractured one  
That I've become  
What have I become?

Take my scars  
Up to the stars  
Take my scars  
Up to the stars  
Take my scars  
Up to the stars  
Take my scars  
Take my scars  
Up to the stars  
Take my scars  
Up to the stars  
Take my scars  
Up to the stars  
Take my scars

I would stare into the sun  
If the damage could be undone  
Would you fix the fractured one  
That I've become  
I would stare into the sun  
If I thought it would find someone  
Who could fix the fractured one  
That I've become  
What have I become?

What have I become?  
What have I become?
