

Aquafina

Caskey

Ayy, I count the money, all feelings aside
I kick it and you obviously killin' my vibe
I count up the money with all of my guys
And I got a ticket, I'm winnin' a prize
Choppin' the top on the car and I'm lookin' at y'all
And I saw that you lookin' deprived
Swear I could see all the broke in they eyes
I broke out the bank with a million and five

Bitches be blessin' me like I was Jesus
I hopped off the cross and I'm feelin' alive
I get to shootin' these bullets and turnin' these pages
I'm hopin' that no one survive
Nigga just got outta prison, I killed him
I know that he wish he could go back inside
Sometimes I wake up
And think about all of the bodies I caught and I look in the sky

Diamonds water, hydrate, wrist on Aquafina
Chain hangin' 'round my neck, switch up my demeanor
In the driveway tryna pick, I'ma slide the beemer
Tennis bracelets cost some racks, feelin' like Serena

I took my dime piece to New York, was never a Knicks fan
I'm doin' transactions on Cash App 'til I get banned
I'm at the strip club like I'm Lou Will', I'm the sixth man
I break a bih down then I build her up, I'm a brick man
And I got a stick in hand, lawyer fees
That was small money, I had bigger plans
Rugrat, when I get my hands on the Tommy
I turn to a different man
And I got a bitch in hand
Way that I'm reelin' 'em in, think I'm a fisherman
Ambidextrous, two different Glocks and I be switchin' hands

Diamonds water, hydrate, wrist on Aquafina
Chain hangin' 'round my neck, switch up my demeanor
In the driveway tryna pick, I'ma slide the beemer
Tennis bracelets cost some racks, feelin' like Serena
