

## Built Like This

Caskey

Motherfuckers ain't built like this, hatin' on my come up  
I stay ten toes down, dare somebody come run up (Anonymass)  
I'm in the hills right now, feelin' just like Stunna  
Men and women gon' lie, tell me 'bout them numbers (Anonymass)

Money talks and it don't say nothin'  
I pull it out, it's gon' say somethin'  
One thing that's for sure 'bout me  
I ain't goin' back broke and I'm gon' stay hustlin'  
Ridin' off in the Hellcat, dustin'  
More checks, so I end the discussion  
And I smoke 'til the end of the Russian  
No joke, goin' big, no reduction  
If it ain't 'bout the check, then I'm always pissed  
I'm turnt off of Broadway, lit  
She want the peewee long with the GT on  
[?] I always tip  
Lights turned on, man, I'm all the way lit  
Pray someone from the gang don't tell on me [?]  
They sendin' out emergency hits  
Hate that on the throne where I certainly sit  
In the Benz, seats same color eightball  
Sideways talk makin' me hate y'all  
Man, I cut folks off, but it [?]  
Diamonds off set, but it's still take-off  
And I'm still takin' no days off  
Y'all act like you rich already  
Police on patrol in my city  
But I race to the money like my name Andretti

Motherfuckers ain't built like this, hatin' on my come up  
I stay ten toes down, dare somebody come run up  
I'm in the hills right now, feelin' just like Stunna  
Men and women gon' lie, tell me 'bout them numbers

Let's talk about numbers  
I've been rich for at least three summers  
Cribs in three different cities  
Y'all just six feet under
