Caskey

Yeah, konnichiwa, motherfucker  
Coming now, motherfucker  
Central Florida, motherfucker, yeah, yeah

Currency exchange, yeah  
Hopping in and out of planes, yeah  
I could speak five different languages, yeah  
Talk that shit but you can't hang with us, yeah

Ay, hopping out of planes  
I can't text nobody 'cause my data out of range  
Land in South Korea, biting bitches with my fangs  
Black sheep for a reason, yeah, I'm known for living strange  
I'm peeling back my green papers, but I fell in love with blues  
I been 'round the world, positive I don't know you  
Got a bitch in London, I'm in Paris with a view  
Bitch, we hit the dungeon, it's my therapist, it's true  
Yeah, I'm good with that

Currency exchange, yeah  
Hopping in and out of planes, yeah  
I could speak five different languages, yeah  
Hate on them but you can't hang with us

Bitch, I just landed up in Tokyo  
And I ain't stopping till I'm booked for forty shows  
I'm big timin', got enormous flows  
It's like I'm in the kitchen, George Foreman clothes  
Shit going endless  
I made a mile from inches  
I crossed the Indian Ocean  
And I came for style and business  
Created a monster, skrrt skrrt, I'm with the proper  
Now my shit is really proper  
We used to pull up at the doctors  
My back is hurting, need a sponsor  
I can't stop from going harder  
I turned myself into a martyr  
Sacrificing all my free time  
Just to be good as tha Carter  
Next week, I'll be off an incident  
Say you robbing us but that's not the plan  
Yeah, we touch down with a suitcase full of contraband  
I'm good at every corner, I'm a honest man, yeah

Currency exchange  
Hopping in and out of planes, yeah  
I could speak five different languages, yeah  
Hate on that but you can't hang with us, yeah  
Currency exchange  
Hopping in and out of planes  
I could speak five different languages (Bitch, you know I can)  
Talk that shit but you can't hang with us

Touch down in a different city every night  
Touch down in a different city every night  
Touch down in a different city every night

We touch down in a different city every night  
Currency exchange, yeah  
Something really strange, yeah  
Currency exchange, yeah  
Something rather strange, yeah
