

# DAVE CHAPPELLE

Caskey

Crack comin'  
Crack comin'  
Crack comin'  
Don't make me pop up off this bitch  
And have to smack somethin'

Aye man I'm tryna put his face in a grave yard  
Tryna spin the block 50 times  
Like a race car  
Tryna put a wall where he going  
Make him break hard  
You ain't the hero in this movie  
This ain't Braveheart

I got goals  
Therefore I cannot be slowed off a pill  
I might hit the trap tomorrow  
Drop the load off for real  
I don't care 'bout your advance  
What is you owed off the deal  
'Cause my lawyer say it's bad  
And he a know it all for real

Feel like Dave Chappell  
I been turning deals down for bigger ones  
Was gon' ice my teeth  
But I fucked 'round bought some bigger guns  
They say you working all the time  
Where you get it from?  
The motivation  
Or the paper chasing all these dividends

Well, first of all  
I ain't tryna kick it with you rap guys  
I don't need new friends  
I got new Ms  
Look at the bag size  
Word to folks  
I'm off of the streets  
But I got trap ties  
Put some brand-new water on his head  
Like he got baptized

Man, there's sharks up in the water  
He got capsized  
Shoulda been concerned  
'Bout all the money that he advertised  
They say you working all the time  
Where you get it from  
The motivation  
Or the paper chasing all these dividends

Man, the game need reviving  
All this talking on the net  
Whole time they should be sliding  
Rappers starting beef  
So they can squash it and be vibing

Man my daddy told me not to say a fucking word  
Till you pull up at that light  
And you beside him

Aye man I'm tryna put his face in a grave yard  
Tryna spin the block 50 times  
Like a race car  
Tryna put a wall where he going  
Make him break hard  
You ain't the hero in this movie  
This ain't Braveheart

Klak comin'  
Klak comin'  
Klak comin'  
Don't make me pull this pistol out  
Fuck 'round and wack somethin'

And have to smack somethin'

Feel like Dave Chappell
