

## Hardball

Caskey

In the kitchen and it's Taysty

Timin' on my wrist, I had to Audemar it  
Stackin' up, 'cause that been my alma mater  
When it's tough, gotta keep on goin' harder  
When it's tough, gotta keep on goin' harder  
I'ma make it to the sky, on my mama  
And my name won't ever die, on my father  
For my family, I'ma ride, I'm a martyr  
When you don't sacrifice your pride, it's an honor

I've been to Hell and back, slow pacin'  
While y'all was watchin' Netflix, I was impatient, locked down  
Couldn't stay at the house, had to get out the basement  
I got some things to accomplish, don't need motivation  
You know my hustle is verified (No blue check)  
[?] got them terrified ([?])  
Picture me rollin', 2Pac and I'm in a tank  
Got money from Baby, no fishin' tank  
I put down the molly and sippin' drank  
That's how I don't give a fuck what you think  
I looked in the mirror and got my priorities straight  
Can't focus on you, I gotta make sure that we straight  
Couldn't bitch up, I'm the man of the house  
I had to plan a new route  
Turned my life into a movie and brought all the cameras out

Timin' on my wrist, I had to Audemar it  
Stackin' up, 'cause that been my alma mater  
When it's tough, gotta keep on goin' harder  
When it's tough, gotta keep on goin' harder  
I'ma make it to the sky, on my mama  
And my name won't ever die, on my father  
For my family, I'ma ride, I'm a martyr
