

How U Like

Caskey

How you like it when you never go to sleep? (yeah, right)
At the plug's house, I re-up twice a week (yeah, right)
How you like it when you always in the suite (yeah, right)
Live that life, to my haters, rest in peace (yeah, right)
I'm in the field like I'm always in some cleats (yeah, right)
Smokin' moonrocks, it's always in some keef (yeah, right)
I'm hot in real life, don't care 'bout what you tweet (yeah, right)
I think I know why they don't like me

Bitch, I like it like, that, gun in my, lap
What I do, stack, what I don't, lack
Gettin' to the money naturally, it's a knack
Thought I'm lookin' like a lick, well honestly, this ain't that
Bitch, I take off in a rocket coupe, zoom, feelin' spacey
We brought lots of heat inside the room, up the AC

I'm so paranoid, I feel like people tryna trace me
My bitch gon' hide the baby if they come like she Casey
I let the hate embrace me, it never cage me
I got my wings back, I fly to Beijing
A blunt and cookies 'bout the only thing I'm facin'
Say he don't like me but it's cool, I feel amazin'
