I tried

But you're jealous

Say it's all cool, but it's not, baby girl, I could tell it
Lovin' how you keep a straight face, yeah, girl, yeah, you nailed it
Runnin' back into the same problems that we hadn't dealt with
I could tell it, tryin' not repeat the same mistake, I think I failed it

I'm all over the state, I can't take a break

I can't read between all the lines, just abbreviate
Every night, someone with cake try to throw it my way
I ride for you so I just hit the highway

I tried

I tried

But you're jealous, yeah

Say it's all cool, but it's not, baby girl, I could tell it, yeah
Runnin' back into the same problems that we hadn't dealt with
Lovin' how you keep a straight face, yeah, girl, yeah, you nailed it
I could tell it, I could tell it, yeah, yeah

I'm what you've been waitin' on

I wanna wake up in yo' arms, I do, yeah

Tell me why you sleepin' on

And tell me why you the one I choose, yeah

Tired of you on speaker phone

I want everyone to hear I'm with you

And you just think I'm creepin' on, you

Tell me why you tryna start these issues

I tried

Every time I tell the truth, baby, you thinkin' that I lied

I guess I wish our connection had a little better wi-fi

'Cause every time I'm in your arms, man, it's crazy how the time flies

I tried

But you're jealous

Say it's all cool, but it's not, baby girl, I could tell it
Lovin' how you keep a straight face, yeah, girl, yeah, you nailed it
Runnin' back into the same problems that we never dealt with
I could tell it, tryin' to not repeat the same mistake, I think I failed it

I tried, you're jealous

You're jealous, you're jealous

I tried
