

Intro Of Appreciation

Caskey

If you're listening to this that means that you have spent a hundred dollars of your hard-earned money to cop this shit
And, uh, that means a lot to me
I know that times are rough out here
The economy's fucked up, inflation's high, we're gettin' paid less and less
And so, a hundred dollars is no small amount of money to anybody
And in doin' so, I hope that this means that my music has impacted you in a way that goes beyond money
That I have added some positivity to your life
That my music has been the soundtrack to some important moments in your life
And I just want you to know that I appreciate that more than words can ever describe
I'll never be able to extend my gratitude to y'all enough
And so, I hope that you enjoy this exclusive project for your ears only
I hope that this does somethin' for you the way that music has done somethin' for me in my own life
And so I just wanna say thank y'all and I hope you enjoy this
Now let's get it
