Just jumped out the matrix  
Yeah, ok, ok, I'm getting back to the basics  
Ok, all you bitches is basic  
I swear I just jumped out the matrix

Ok, I just jumped out the matrix, had to go and get it, shit  
Heard you bitching 'bout your life and I guess you ain't finished yet  
But it's also up for change, I don't know how you finna let  
Anything stop you from getting money, you don't get it yet  
You wanna change? Well then fuck it, dog, you gotta make a move  
It ain't always gon' be perfect, I swear life ain't auto tune  
Gotta get up off your ass and out the house before it's noon  
Look at me, I ain't finished college, dude, what I did instead  
I'm hanging out the window, smoking gas with the stick  
Back at 17, I realized couldn't nobody tell me shit  
Gotta do your own dirt to get the Rollie on your wrist  
Be the master of your own craft, you could be the shit

Ok, I just jumped out the matrix  
Yeah, a lot of you bitches is basic  
I swear I'm not letting no more time being wasted  
Ok, ok, I just jumped out the matrix

Yeah, I'm jumping out the matrix, seeing numbers always  
You gon' take someone advice or you gon' learn the hard way  
When you tap into the system, see this shit from far away  
I just popped some acid, hit a bitch in broad day, yea, yea, ho  
Just jumped out the matrix, shorty  
I swear my life is too important, yeah  
I swear my life is too important, yeah  
I swear these bitches try to bore me, yeah  
I pull up sipping out a 40, yeah  
I pull up knocking on your shorty, yeah  
She said the liquor make her horny, yeah  
I made that money off of tourin', yeah

Just jumped out the matrix  
Yeah, a lot of you bitches is basic  
I swear I'm not letting no more time being wasted  
Ok, ok, I just jumped out the matrix, yeah, yeah

I'm hanging out the window, smoking gas with the stick  
Realized at 23 that couldn't nobody tell me shit  
Yeah, yeah, yeah

Ok, I just jumped out the matrix, I ain't finna fake shit  
Fuck you hoes, put you on the bang out just to skate list  
Now I'm back, me and Roswell inside the spaceships  
1947, came back, heard the statements  
Chopping through the city like I'm not the type for patience  
Never worry, even though it's probably not the safest  
Ya'll look like the type of people, talking, making statements  
I just smelled a bag of gas 'cause that's my favorite fragrance  
Yeah, I just jumped out of the matrix  
Your girl ain't have the camera, told her "tape this"  
I slide throughout the city with some bracelets  
They look like they is worse than nothing, make this

Just jumped out the matrix
