

Need To Know Basis

Caskey

In the kitchen and it's Taysty

Keep these pussies on the need to know

My price is up, so when money call, I need to go

The top dropped, off of my new coupe, I had to leave it 'lone

The ziplock, what I'm smokin' louder than when speakers on

I'm back now, I'll say it with my chest, so who you speakin' for?

Push to start, hop inside the car, don't need a key to go

Who the fuck said we ain't got stripes? I got Adidas on

The money talks, Nia Long, it's best that you leave me alone

Ain't tryin' to kick it with you rap guys

I don't need new friends, I got new M's, look at the bag size

Word to folks, I'm off of the streets, but I got trap ties

Drippin' wet, water round my neck like I got baptized

Text message from a rep off at Balenciaga

Ain't even bat an eye when he told me it's forty thousand

Ain't tryin' to do that back and forth, I need them bank deposits

Hopped off the jet, two hunnid pounds, I had to thank the pilot

Keep these pussies on the need to know

My price is up, so when money call, I need to go

The top dropped, off of my new coupe, I had to leave it 'lone

The ziplock, what I'm smokin' louder than when speaker on

I'm back now, I'll say it with my chest, so who you speakin' for?
