

Off My Mind

Caskey

I been thinking bout you for a long long time
And now it's time to get you on my body so you off my mind

I had to respect your space
But now it's all over babe
Come get this dick today
I had to respect your space
But now it's all over babe
Come get this dick today

Come and get it
Come and get it
Come and get it
Come and get it
Come and get it
Come and get it
Come and get it
Come and get it

I know you can feel me from distance
You the type of energy I'm missing
Been around there ain't no competition
How you finna crop me out the picture?
When you vibing this high it never end
Natural body but you taste like medicine
Giving me that boost in my adrenaline
Let us mix this masculine with feminine

I been thinking bout you for a long long time
And now it's time to get you on my body so you off my mind

I had to respect your space
But now it's all over babe
Come get this dick today
I had to respect your space
But now it's all over babe
Come get this dick today

Come and get it
Come and get it
Come and get it
Come and get it
Come and get it
Come and get it
Come and get it
Come and get it

Legs shaking, bed shaking, body breaking
Temptation, get naked, I'm impatient
I been waiting so long to get you in my home
So let them clothes hit the floor and don't pick up the phone
This sex drive you crazy but I ain't gone steer you wrong
Two misfits together but this right where we belong
And you know where this going
So come on over

I been thinking bout you for a long long time

And now it's time to get you on my body so you off my mind

I had to respect your space
But now it's all over babe
Come get this dick today
I had to respect your space
But now it's all over babe
Come get this dick today

Come and get it
Come and get it
Come and get it
Come and get it
Come and get it
Come and get it
Come and get it
Come and get it
