I keep money on my mind  
Bein' real is an endangered species, I keep it, hunnid all the time  
Put some shoes on all my hustles, now they runnin' through my mind  
Keep on buyin' watches, who said I was runnin' outta time?

Uh, let's go, my hustle on Jeff Bezos  
Bought some stock in Amazon and flew out to Barbados  
Homie, I've been lit, no jumper cables, I lost my halo  
I told 'em supersize my fries, these no small potatoes  
Y'all stuck on tater tots, can't relate 'cause I get paid a lot  
Should start a OnlyFans, I fuck my girl so good, they pay to watch  
Yeah, stock price goin' up, just like everything  
They said they'd come and help me and they never came

This shit so off the leash, ain't too much that you dogs could offer me  
Man, I've been a problem, I can't get these Benjis off of me  
Everything I did, somebody said I couldn't possibly  
Last person went against me, that shit ended awfully  
I like to turn up, homie, gotta put on for yourself  
And I burn blunts, doctor say it's too good for my health  
I've been smokin' gas, havin' sex, and buildin' up my wealth  
I've been smokin' gas, havin' sex, and buildin' up my wealth

Yeah, y'all know what's up with me  
All that hard work I done put in, people say, "You lucky, B"  
Lucky that when y'all was partyin', I was hustlin'  
All those years of grindin' in the dark and now I'm way too big to fuck with  
it  
And everybody wanna know what's up with it, did you custom it?  
That car too fast to be okay by any government  
Supplement my whole income and not from sellin' supplements  
Bit down on that flower and she turn into a succulent
