

## Old Ways

Caskey

Had to leave my old ways behind  
If it ain't bout the money I hit decline  
How you broke and you still tryna recline?  
We goin up its never been a decline  
People said its luck and it was all grind  
The phones off can't nobody call mine  
Its a thin like between love and hatred  
But their hatred turned into a fault line

Had to leave my old ways behind  
I can't be trappin to free mine  
We tryna switch up the lifestyle  
How you gettin rich with all that free time?  
Had to leave my old ways behind  
I can't be trappin to free mine  
We tryna switch up the lifestyle  
How you gettin rich with all that free time?  
Had to leave my old ways behind

First they  
Count you out then you counting money  
Crossing state lines for that check like a bounty hunter  
Put in work first  
Stay consistent  
The talent coming  
Wasn't nobody comin round when I was down to nothin  
Broke was my common state  
So many tears put on my momma face  
Desperation making it hard  
To keep my honor straight  
Need that  
So how we get it was feeling less important  
Fired from both my jobs  
So I'm finessing for it  
Out of hell  
My shoulders scorched  
For the family ima go and get it  
With no remorse  
Kneeling saying prayers  
Tho we never been holy boys  
How you selling pills  
When you know you lost your partner to opiods?  
Cracking under pressure like the crack game  
Been myself that's why I only rep my last name  
Ya'll said a year ago that ya'll was bout to stack change  
Look at the bank account and realize ya'll got bad aim  
Bitch I know where I'm from  
Know what I'm headed for  
Lotus flower  
Came out the mud  
Its not a metaphor  
Lookin at my mom I know I gotta do better for her

Had to leave my old ways behind  
If it ain't bout the money I hit decline  
How you broke and you still tryna recline?  
We goin up its never been a decline

People said its luck and it was all grind  
The phones off can't nobody call mine  
Its a thin like between love and hatred  
But their hatred turned into a fault line

Had to leave my old ways behind  
I can't be trappin to free mine  
We tryna switch up the lifestyle  
How you gettin rich with all that free time?  
Had to leave my old ways behind  
I can't be trappin to free mine  
We tryna switch up the lifestyle  
How you gettin rich with all that free time?  
Had to leave my old ways behind
