

My chain, my wrist, my drip, too hard  
I pay, respects, my clips, AR  
I got, some head, inside, the car  
I pull, the strings, I play, guitar  
My chain, my wrist, my drip, too hard  
I step, outside, I raise, the bar  
We can't, go back, we came, this far  
We can't, go back, we came, this far

I'm so fly that I hopped up on the jet and I had to show the pilot  
I'm gonna count the money, wash my hands twice, I don't want no Coronavirus  
Shorty tell me that the pussy brand new but I already know the vibes  
I don't ever gotta work another job but I still put in overtime (yeah)  
I put a plain jane on the wrist just to know the time  
And my homie put a red dot on your forehead, open mind  
[?] she say I hit the pussy too hard  
Make it look easy, I rolled me a blunt and I start gettin' [?]  
With my eyes closed, I could twist this up  
Same way I did the pound, sold that bitch, zipped it up  
Won't stop 'til I'm rich as fuck  
20 chains on ain't no missin' us, I know why they been pissed at us

My chain, my wrist, my drip, too hard

Ayy, my shoes cost a car note, face to face with the blunt  
Like mano (ooh) y mano, that shit contagious as a fuck  
I'm spending birds just to prove a point, big flex like I'm shootin' 'roids  
Doin' drugs 'til I fall out, boy, real rockstar like Fall Out Boy  
I just went inside myself, then I opened up a spot  
Cocaine on my face, that's how you bustdown a watch  
Get my shit before it drop, Porsche 9/11, call the cops  
And I can tell you not serious, with one look in your eyes  
Trust me, girl, I be fine  
Skrt, whip pulled up outside  
I'm riding, for mine

My chain, my wrist, my drip, too hard  
I pay, respects, my clips, AR
