

Smoke Away My Problems

Caskey

When I wake up, yeah

When I wake up, I don't cake up
Get the money, fuck the fake love
I don't fold in, we don't break up
The mathematics, I got it A plus
I've been
Sittin' in the cut for too long
Miss me with that fake Love Island
Flyin' 'cause my backwoods too strong

I try to smoke away my problems, yeah, don't stress me
Don't run up, 'cause that chopper like my bestie
Wonder why I got the sauce, custom recipe
How you tell yo' time? I look at the presi'
Digital dash, I gotta come for the bag, I can't be slow on yo'
ass
Horse, I got too many miles, I ain't even fast, I'm tryna burn
it to ash
Burner on side of my waist, so don't even try, fireworks 4th of
July
I turn the city to Gotham quick, ain't got no time for no gossi
p shit

When I wake up, I don't cake up
Money, fuck the fake love
I don't fold in, we don't break up
The mathematics, I got it A plus
I've been
Sittin' in the cut for too long
Miss me with that fake Love Island
Flyin' 'cause my backwoods too strong

I try to smoke away my problems, yeah
I try to smoke away my problems, yeah
I try to smoke away my problems, yeah, don't stress me
I try to smoke away my problems, yeah, don't stress me
I try to smoke away my problems, yeah, don't stress me
