Where Do We Go From Here

Caskey

I already know that I'm an asshole
Gotta be careful about the shit that you say cause you always gonna get what you ask for (what you ask for)
Steppin' outside through the backdoor
I remember scoopin' you in the black ford
Now you're worldwide got stamps on the passport
You the whole reason that I rap more
Got me goin' crazy in the booth babe
Ridin' solo in the city
All the bad things that I done tryin' to forget about your name
Man I pray the lord forgive me
I'm startin' up the hemi
Bad bitches man I know plenty
Rich guys bet you know plenty
But women like you and guys like me
Besides the two of us I don't think I know any

And I know I said some fuck shit
But I didn't mean those thangs
Know I put it all in your face
When you ain't' wanna see those thangs
Now you got me all at the house
Startin' to make me so strange
I know I know I said a lot of fuck shit
But I didn't mean those thangs
Where do we go from here
Where do we go from here
Where do we go from here
Where do we go
Where do we go
Where do we go from here
I know I put it all in your face
When you ain't wanna see those thangs

Already know that I'm an asshole
Always said that you wanna be free
And you always gonna get what you ask for
In and out of the terminal tryin' to find ya
Maybe you just needed a reminder
Yeah I know you love sex but doggy style ain't the only time you gonna need someone behind ya
Yeah girl and you be
You be playin' my emotions
Tell me not to call you or text you or tweet you
The next day the call lines open (what the fuck)
I made a plan put it into motion
You made a plan for crossing over oceans
I was sour about it like the shit I'm smokin'
But I had to let you go to show you my devotion

Yeah And I know I said some fuck shit
But I didn't mean those thangs
Know I put it all in your face
When you ain't' wanna see those thangs
Now you got me locked in the house
Startin' to make me so strange
I know I know I said a lot of fuck shit

But I didn't mean those thangs
Where do we go from here
Where do we go from here
Where do we go from here
Where do we go
Where do we go
Where do we go from here
Cause I didn't mean those thangs
Cause I didn't mean those thangs
Girl, you know, I didn't' mean those thangs
Girl, you know, I didn't' mean those thangs
