

# Does Anybody Love You

Cass Elliot

What's it like where you sleeping?  
Do you wake up alone every morning  
On your side of town?

And do you wonder why  
When the sun goes down  
You feel like crying?

Does anybody love you  
The way I love you, darling?  
Does anybody bring you up  
When you're down?  
You know what you're doing  
But you shouldn't have to do it alone  
So come on over to my side of town

What's it like where you're going?  
Are you getting there any easier  
On your side of town?

And don't it feel strange  
That I'm not around  
To see you changing?

Does anybody love you  
The way I love you, darling?  
Does anybody bring you up  
When you're down?  
You know what you're doing  
But you shouldn't have to do it alone  
So come on over to my side of town

I know you better do it on your own  
But, don't you miss me  
When you're all alone?

Does anybody love you  
The way I love you, darling?  
Does anybody bring you up  
When you're down?  
You know what you're doing  
But you shouldn't have to do it alone  
So come on over to my side of town

I'll be around  
I'll be around
