

Of all the creatures in the wood  
One law is commonly understood  
Deep in the heart of Fontainbleau  
The marriage of a whore and Jew  
The bride's true dowry black rocks  
Equinox  
The wedding is followed by gifts  
Catherine de Medici lives  
Silverfish quilting testicle  
Despotic owl conducts the wolves  
And mulls attacking a fox  
Equinox  
Equinox  
Red birth mark  
Equal light  
Equal dark  
North to south  
Thoth with pen  
Let us give praise and thanks, Amen  
Celestial bodies transform to flesh  
And commune with the wedding's guests  
They twist and thrust and whine and grope  
As if under a microscope  
In hope to to catch small pox
