## **Pleasant Shadow Song**

## **Cass McCombs**

I heard of a place That Time can't erase Of beauty and grace

Beulah!

You scoff at my card Guess I'm no Abelard "I don't know  $\ldots$  " ju st how far is Beulah

Would only to song weren't bucolic and wrong and shadow a long twilight Always to play and sleep through the day for music and night

Enough with these books Carrion and hooks Ill will and looks Bu t to Beulah

To pull the forefront Health for starvation I've grown impatien t For Beulah
