

Cinematic

Cassadee Pope

Ohh ohh ohh
Ohh ohh ohh

Slow motion when you walk in
My heart screams, "Lights, camera, action!"
Wanna flip to the page in the script
When we kiss in the pouring rain
Like Spiderman did with Mary Jane

You're so cinematic, your touch I gotta have it
Every scene you're making me believe
It doesn't have to be only on a movie screen
Red hot, non-stop, we got cinematic love, cinematic love

Rated "R" in our secret spot,
Hoping we don't get busted by the cops
Heating up, baby, ready or not
I've been waiting all this time
For the fairy tale to come to life

You're so cinematic, your touch I gotta have it
Every scene you're making me believe
It doesn't have to be only on a movie screen
Red hot, non-stop, we got cinematic love, cinematic love

Let's jump free fall into the water,
Let's run no one else even matters
Take me far away, disappear into the screen

Ohh ohh ohh
Ohh ohh ohh

You're so cinematic, your touch I gotta have it
Every scene you're making me believe
It doesn't have to be only on a movie screen
Red hot, non-stop, we got cinematic love, cinematic love

It doesn't have to be only on a movie screen.
Red hot, non-stop, we got cinematic love, cinematic love
