

All Alone

Cassidy

I got family friends and my family friends
So many people in my life
Everybody around seem like they holding me down
So many people in my life
Ah, ah, so many people in my life, ah, ah
But I'm on my own, I still feel all alone

Alone, alone, alone
I still feel all alone, alone, alone
But I still feel all alone, alone, alone
But I still feel all alone, alone, alone
But I still feel all alone

Life tough, but when you tough it's hard to tell it is
All the hustlers that made hela bread in jail or dead
You can't afford to pay your mortgage, the gon sell your crib
If I'm a failure then what the hell I'ma tell my kids
I gotta a lot of friends and hela relatives
But if the bill collector call my phone, then I'm all alone
I got people I could call for loans
But I ain't got enough to pay them back
Plus they make you pay a tax
I bought a bentley cash but had to trade it back
Took the cash, flipped it and spent it soon as I made it back
I came back around, snatched the crown and gave it back
Cause cats praise royalty, but ain't got no loyalty

(Alone, alone, alone
I still feel all alone, alone, alone...)
I'm on my own, I'm on my own
It's so many people around me,
I'm on my own, I'm on my own
It's so many people around me,
Anywhere, everywhere
It's so many people around me,
But I feel I'm on my own
Yeah, I still feel all alone

It's just me, myself and I
Cause only god can help you live
Everybody else help you die
The truth hurts so it helps to lie
But to tell the truth, I'd shoot somebody else to keep myself alive
If you ask me who the best, I'ma say myself
But I stay to myself and let everybody else decide
I'm who they runnin from, cats that come from
Where I come from, don't even understand where I'm comin from
Chickens be kissing my head, know where I'm coming from
I make a whore eat more meat than a number one
Then answer my phone like where you get my number from
I know you had fun and all that, but don't call back, one

(Alone, alone, alone
I still feel all alone, alone, alone...)
I'm on my own, I'm on my own
It's so many people around me,
I'm on my own, I'm on my own

It's so many people around me,
Anywhere, everywhere
It's so many people around me,
But I feel I'm on my own
Yeah, I still feel all alone

If you tryina get cash, tryina get on
Out there on the grind and you feel like you all alone
If you tryina get money, tryina get wealth
Tryina do it big, but you feel like you by yourself
If you tryina get paper, tryina get change
If you tryina ball but can never get in the game
If you tryina get chicken, tryina get cheese
It's hard to separate your friends and your enemies
If you tryina get dollars, tryina get gwap
Tryina get the mill, but feel like your click not
If you tryina get cake
If you tryina get paid,
Do it by yourself cause it's fedy to get me
I'm tryina get dough, not tryina get to jail
I do it dolo so nobody can tell
A lot of people around me, a lot of people calling my phone
But I still feel all alone, for real

(*Alone, alone, alone
I still feel all alone, alone, alone...
I'm on my own, I'm on my own
It's so many people around me,
Anywhere, everywhere...
It's so many people around me,
But I feel I'm on my own
Yeah, I still feel all alone...*)
