Goat Gang

I keep the heat wit me  
A reach if you beef wit me  
So watch how you speak to me  
I'm on a different frequency  
Keep a freak wit me  
That be on my meat when they meetin me  
And wish that they could sleep wit me  
I'm on a different frequency  
I got the streets wit me  
I'm on a different frequency  
I got the streets wit me  
I'm on a different frequency  
At least have the decency to keep it on beat wit me  
Cause shit'll get deep wit me  
I'm on a different frequency

(I'm different)

Since a younger dude I had a lil freak in me  
I'd come to school just to fuck the teachers that was teachin me  
Neva could behave in school I stayed in school briefly  
Since I ain't help make the rules, I break the rules frequently  
You dudes frequency is nothing like how mines is  
Fuck you and the rest of ya moms kids  
Ya mom is a old thot  
Swallow the whole cock, no road block  
I get a meal cooked on the stove top and a cold pop  
Wait haters really start hating when my clothes dropped  
Hoping I would open a clothes shop then  
Close shop  
But my fans order from my store when they clothes shop  
Niggas can't compete wit me I'm on a different frequency

I keep the heat wit me  
A reach if you beef wit me  
So watch how you speak to me  
I'm on a different frequency  
Keep a freak wit me  
That be on my meat when they meetin me  
And wish that they could sleep wit me  
I'm on a different frequency  
I got the streets wit me  
I'm on a different frequency  
I got the streets wit me  
I'm on a different frequency  
At least have the decency to keep it on beat wit me  
Cause shit'll get deep wit me  
I'm on a different frequency

I'm on my job but ain't never work word  
And look when I cook the birds I ain't have to cut off the feathers first  
Ya favorite rapper know he couldn't write a betta verse  
I'm on a different frequency it get measured in megahertz  
(What da fuck is a megahurt?)  
Wait if you tryna locate a snitch instead of search  
You could catch a rat in the trap if you drop da chedda first

Extended clips empty tips and a Beretta work  
The last bar you wrote ain't dope if somebody said it first  
Imma born survivor, I coulda been death at birth  
But life a bitch, that's why I cried when I met her first  
These niggas soft like cotton rockin leather purse  
And that shit's sweet to me, I'm on a different frequency

I keep the heat wit me  
A reach if you beef wit me  
So watch how you speak to me  
I'm on a different frequency  
Keep a freak wit me  
That be on my meat when they meetin me  
And wish that they could sleep wit me  
I'm on a different frequency  
I got the streets wit me  
I'm on a different frequency
