

Eazy Come Eazy Go

Cassidy

Uh

Yo K Walker, why you even link me up with boull

Fuck wrong with him

Got me and Reed standing next to him and outsiders really think
ing he from Philly and all that

Worst thing he did was mention me though

It's about to get dark

Fuck wrong with him?

Fuck Eazy the block, Eazy a Op

Me and Eazy could box

I fight man, my right hand not easy to block

No plug from the city ever gave Eazy a block

No fiend from the city ever went to Eazy to cop

In the pine box, Eazy could rot

I wet that pussy up and change his name into Eazy the WAP

First I heard she gave Eazy the cock, strapped

Then I heard what Pap did to boull wasn't easy to watch

I heard Pap seen Eazy and pop

He gave Eazy a knot and you couldn't tell if it was Eazy or not

He punch Eazy and I heard that nigga easily dropped

He ain't gon' live cause the swelling wasn't Eazy to stop

I'm really a rare breed, do you believe me or not?

I know about that contract with Smack and Beasley you got

I gave Eazy a easy job, then wired Eazy the guap

Eazy said he a shooter, so I gave Eazy a shot

When I was working on them couple songs with Eazy I got

I ghost wrote him a couple bars that was easy to jot

But I guess Eazy forgot how I rock cause he got Remy

But Rem Ma considered a friend...

And I'm not friendly, industry friends I ain't got many

That audio that leaked from [?] has shocked many

He rapped on that caffeine app then got pennies

And he jealous when I make it look easy, the block envy

My block got blow, even when it's not windy

When we made the bags fat that they copped, they got skinny
