It's game time, game time (Game time)  
I can't change my frame of mind  
It's game time  
I been at it jumping I got hangtime  
Cuz I'm a dude that can't lose the game mine  
Thats why I ball and go hard at the same time

Its game time but ain't no games gettin played  
Me going broke is like Michael Jordan gettin braids  
I do my thing my chain, frozen lemonade  
The ice on my breath remind me of frozen Minute Maid  
I still shine when I'm in the shade  
I got a chef, a chauffer, a gopher, and a maid  
And I don't like whats on the radio getting played  
Or none of those videos that's getting made  
I ain't trying to misbehave I'm trying to straighten up  
So don't believe nothing that the media making up  
I'm trying to get my paper up and ball like 2k  
You only good as your last game I came to play

I'ma let the people know why I feel this way  
I've got sons I got to feed I got bills to pay  
Aye, ain't go do what the game will do  
But see I'm trying to maintain I've got things to do  
And just to name a few of the moves I make  
I ball and refuse to hate  
I refuse to take a loss  
I'm a boss so my schedule tight  
But least I ain't in the precinct getting read my rights  
Lifes short and I know that my time will come  
That's why I'ma try to shine till my time is done  
So come on  
You gotta keep goin keep improving  
Slow motion better than no motion keep it movin
