

Half To A Hole Thing

Cassidy

A lot drugs get sold, I just got off parole
But I'm on a stove, tryna turn a half to a whole thing
Nigga I'm a goon so I'm in the kitchen whippin' with the spoon
Tryna turn a half to a whole thing
Half to a whole thing, half to a whole thing
I'm whip whippin' tryna turn a half to a whole thing
Half to a whole thing, half to a whole thing
I'm in the kitchen tryna turn a half to a whole thing

The stove lit, I'm tryna turn a half to a whole brick
I'm tryna hop in the new car and out my Whip
I'm tryna get my cake up, break up with my old chicks
They go get a model and make her swallow the whole dick
I'm not gay but I fucked with some homo chicks
I give a whole dick, 'bout long as a polo stick
I'm a true G, with that Gucci & polo shit
If I ain't in the YSL T, it's LV
Drinkin' purple drink, and that purple stink you smell me
On hell tree and get high as David Chappelle be
I'm half baked, cuttin' up on a glass plate
Tryna make a fiend OD, half to a whole Ki

A lot drugs get sold, I just got off parole
But I'm on a stove, tryna turn a half to a whole thing
Nigga I'm a goon so I'm in the kitchen whippin' with the spoon
Tryna turn a half to a whole thing
Half to a whole thing, half to a whole thing
I'm whip whippin' tryna turn a half to a whole thing
Half to a whole thing, half to a whole thing
I'm in the kitchen tryna turn a half to a whole thing

Yo, I'm tryna turn a half to a whole one
But I'll let you hold some, empty out the whole drum
First I choke you out like Mauricio Showgun Rua
Then hit you with the rugger, that ain't no fun
You don't want a war, you a young boy I'm your old gun
You took your whole style and I'm the nigga you stole from
You damn thief, I'm a knock off your damn teeth
I keep the pipe but I don't street fight like Zan E
You a bitch, when you piss you sit on the damn seat
I'm tryna get a thousand grams cheap so my fam eat
I'm a hustler, I could sell sand to a damn bitch
But my coke look like it got cooked in some damn bleach

A lot drugs get sold, I just got off parole
But I'm on a stove, tryna turn a half to a whole thing
Nigga I'm a goon so I'm in the kitchen whippin' with the spoon
Tryna turn a half to a whole thing
Half to a whole thing, half to a whole thing
I'm whip whippin' tryna turn a half to a whole thing
Half to a whole thing, half to a whole thing
I'm in the kitchen tryna turn a half to a whole thing

I take the coka, a pirex bowl and some baking soda
Whip it and give to niggas that hate bein' sober
The wait is over, nigga I'm takin' over
I'm back on my bullshizzle, I ain't gonna bullshit you

I'm the boy known to pull pistols
And that's the truth too, I'll shoot you and the boy witchu
I've been official ever since I wrote my first rhyme
Been a problem since our first signed with the boy swizzle
Back in 2000 they was like - you wildin'
I had the greatest flow over a decade ago
Your latest flow ain't better than my old shit
That why I cass' tryna turn a half to a whole brick

A lot drugs get sold, I just got off parole
But I'm on a stove, tryna turn a half to a whole thing
Nigga I'm a goon so I'm in the kitchen whippin' with the spoon
Tryna turn a half to a whole thing
Half to a whole thing, half to a whole thing
I'm whip whippin' tryna turn a half to a whole thing
Half to a whole thing, half to a whole thing
I'm in the kitchen tryna turn a half to a whole thing
