Cassidy

Sayin what's up
Lost in the family

I get it in, I get it, it get it in
I get it in, get it in, get it get get it in
I was in the hospital when I've done been in the pen
So If they don't get it in I don't fuck with them niggas then
I get it in, I get it in, I get it I get it in
Get it in, get it get it in could get it in
A hustle is a hustle, the hustle never end
So if they don't get it in I don't fuck with them niggas then

I'm on probation, tryin' not to break the rules
Got guns I've never shot I'm tryin not to make the news
I ain't got 40 acres in NU but I'm cool
I got cake I don't need the couple acres in the pool
My bitch and never break up and she hate to make a move
But she know that I'm a mat like the makeup that she use
I just fuck this cake up on some jewels
My diamond jello like the uniforms that the Lakers use
And for your information let's make some clarification
I'm the best and got checks like a Twitter verification
I inspire myself if you a boss you should hire some help and then fire yours
