(Intro)

Flashin lights, flashin lights (surfboard)

Flashin lights (surf-surf-surfboard), Flashin lights  
Flashin lights (surf-surfboard), lights  
Flashin lights (surf-surfboard)  
Cameras all in my grill, cameras all in my grill  
That's that wave  
Surfboard, surfboard, surfboard  
Grinding on that wood, gr-gr-grinding on that wood  
Surfboard, surfboard, surfboard  
Swerving on that shit, swerving swerving on that shit

(Verse)

Get money, big money, way more than yo man's  
Yo gon squirt more cus it hurt more, I got a surfboard in my pants  
You wanna do it, yes? Remove yo dress, that skirt or them pants  
Then climb up on that wood  
(I'm grinding grinding on that wood)  
My stroke the best, smack it from the back like open net  
When my pole erect I dig deep, yo bed sheets will be soaking wet  
Yes, water flow, little mama you ought to know  
Cass last all for quarters yo  
And I pop but you not my daughter though  
Lick the dick and take the tongue  
When I'll lick yo clit I'mma make you come  
Over and over and over again  
And then we startin all over again  
Cus girl I'm drunk in love  
When I'm not sober I'm goin in  
I'mma throw it in, hit missionary  
Then doggie style like the Doberman

(Hook)

Flashin lights (surf-surf-surfboard), Flashin lights  
Flashin lights (surf-surfboard), lights  
Flashin lights (surf-surfboard)  
Cameras all in my grill, cameras all in my grill  
That's that wave  
Surfboard, surfboard, surfboard  
Grinding on that wood, gr-gr-grinding on that wood  
Surfboard, surfboard, surfboard  
Swerving on that shit, swerving swerving on that shit  
Wave

(Verse)

They say it aint about the size of the boat  
But the motion in the ocean  
I got motion, but got a huge dick  
I'm like a cruise ship when I'm strokin'  
I'm hopin you could take it all

No, I'm not tryin to break the law  
But when I break you off I stroke hard  
And I don't need another assault charge  
I'm just jokin, when I get you open I'mma play it cool  
But all I got is this stickin boss so I hope you nice at playin pool  
You surfboard, I take a swim  
I play to win, I don't play to lose  
But you could play anyway you choose  
With this hard pipe we be all night  
Right? I'm kinda drunk and I'm dumb high so come by  
We could start out when it's dark out and won't be done til the sun rise  
Yea, make my peanut... butter, make that jelly shit  
Straight up you gon wake up with back pains and a belly ache  
Ouch

Surf-surf-surfboard, wave  
Surf-surfboard, that's that wave  
Surf-surfboard, wave

(Verse)

A minute girl, I'm your dreamboy  
(But what you actin all mean for?)

And I might let you come and ride this surfboard, cowabonga
