

Good Wit' It

Cassie

It's alright, I know it's on your mind
But it's all new energy, a lot of take my time
It's been a minute and you haven't heard my side
And even though I don't owe you nothing
I'ma leave a little something with you

If you come a little closer I'll whisper in your ear
But only if you really promise to keep it between me and you
Okay I guess it's time to tell the truth
So here it goes

Truth is I'm good with it
Really I'm good with it
I'm cool with it
I'm fine with it
Really I'm good with it
Truth is I'm good with it (Ooh)
Really I'm good with it
I'm cool with it
I'm fine with it
Really I'm good with it

I know I keep to myself
And you may have wondered what I've been doing
Hope you didn't think I didn't want you to know
I just needed some distance, really hope that you get it
Ooh-ooh-ooh

If you come a little closer (Little closer) I'll whisper in your ear (Your ear)
But only if you really promise (Really promise) to keep it between me and you (You)
Okay I guess it's time to tell the truth (Tell the truth, tell the truth)
So here it goes

Truth is I'm good with it (Ooh)
Really I'm good with it
I'm cool with it
I'm fine with it (Ooh)
Really I'm good with it
Truth is I'm good with it (Ooh)
Really I'm good with it
I'm cool with it
I'm fine with it (Ooh)
Really I'm good with it

Truth is I'm good with it (Ooh)
Really I'm good with it
I'm cool with it
I'm fine with it (Ooh)
Really I'm good with it
Truth is I'm good with it (Ooh)
Really I'm good with it
I'm cool with it
I'm fine with it (Ooh)
Really I'm good with it

Truth is I'm good with it
Really I'm good with it
I'm cool with it
I'm fine with it
Really I'm good with it
