

I Don't Love You

Cassie

Whether you're ready or not,
I'm gonna scream for mine,
I've given all that I got,
It was a waste of time,
I, was crazy in love,
But it was all a lie,
I lived it for you, (yeah)

You got the way that you think,
I've got my point-of-view,
You've got your issues with me,
And I've got mine with you,
Seems we just don't agree,
So I know what to do,
We just gonna let go let go,

You can call it whatever you want boy,
But it just isn't love, love,
By conquer of love, (love love)
But never good enough,
Break up with him before,
?

I (Don't Love You), I, I (Don't Love You), I Don't Love You

Whether you're ready or not,
I'm gonna scream for mine,
I've given all that I got,
It was a waste of time,
I, was crazy in love,
But it was all a lie,
I lived it for you, (yeah)

You got the way that you think,
I've got my point-of-view,
You've got your issues with me,
And I've got mine with you,
Seems we just don't agree,
So I know what to do,
We just gonna let go let go,

You can call it whatever you want boy,
But it just isn't love, love,
By conquer of love, (love love)
But never good enough,
Break up with him before
I already knew that

I (Don't Love You), I, I (Don't Love You), I Don't Love You
