

# Sometimes

Cassie

Lately...  
I wish I could know the thoughts in your mind  
'Cause lately...  
Feels as though you only want me sometimes

My insecurity  
Is takin' over me  
I need to know where we stand  
Is this a symptom of  
Us fallin' out of love  
What happened to the romance?

Thought I was your only one  
I came second to none  
I wish I didn't love you so much sometimes  
(The I wouldn't be mad)  
Then I wouldn't be so mad  
'Bout what I thought we had  
I wish I didn't love you so much sometimes

Lately...  
It's so hard to understand you sometimes  
And lately...  
You make me feel so demanding sometimes

My insecurity  
Is takin' over me  
I need to know where we stand  
I loved you all along  
Tell me what I did wrong  
What happened to the romance?

Thought I was your only one  
I came second to none  
I wish I didn't love you so much sometimes  
(Maybe then I)  
Then I wouldn't be so mad  
'Bout what I thought we had  
I wish I didn't love you so much sometimes

Now how you gon' blame me  
Told you this once before  
I'm an international hustler - entrepreneur  
I fly coast to coast make hits with stars  
And I brought the cake home said this was ours  
Now we argue and such  
We lost the touch  
Spent a week over your mom's  
'Cause your heart was crushed  
You don't like my lifestyle - say I work too much  
Only thing I ever thought about first was us  
Come on...

Oh and baby I can't believe you  
Don't see how much I need you  
Wish I could leave you  
Sometimes

Oh and baby I can't believe you  
Don't see how much I need you  
Wish I could leave you  
Wish I could leave sometimes

Thought I was your only one  
I came second to none  
I wish I didn't love you so much sometimes  
Then I wouldn't be so mad  
'Bout what I thought we had  
I wish I didn't love you so much sometimes
