

See Me Now

Cassius

After all the everyday
I've been thru all my life
After all the today
I've been waiting for you
After all the someday
I've been dreamin' about
How do you see me now
How do you see me now

Twenty years I've been through
Aimin' not to loose north
More than once came to you
Always runnin' a bit short
Not even once
I came back
Free of wondering about
How do you see me now
How do you see me now
