

Blow Your Lungs

Cassper Nyovest

It's been a long time comin' (Mufasa, Mufasa, Mufasa)
Y'all sound amazing out there (Mufasa, Mufasa, Mufasa)
Thank you so much (Mufasa, Mufasa, Mufasa)
Y'all ready? (Mufasa, Mufasa, Mufasa)
Let's take it all the way to the top
The Don Billiato
Ooh-wee
So incredible, oh baby!
Reminds me about [?]
Uh-huh, uh-huh

Man, I've been at the top ten years straight, it ain't nothin'
Still shinin' with niggas I came up with
I doubled the profits using the same budget
Man ask the streets, I'm the one that they fuck with
We just livin' good with my people
You know, McLaren coupes and tuxedos
We clean up nice if you ask me
Never been a nigga this smooth since chiskop and Vaseline
Mei authi, don't attempt to be like me, uhm
Michael Jordan, drip is like Nike
Started as a pipe dream, it was unlikely
To get this filthy like me in my white jeans, uh

I'm lookin' like a million Rand (Woo)
That's only right 'cause I'm a millionaire (Uh huh)
I drop the top so I can feel the air
It's lookin' like another win this year

Now scream loud, yeah, blow your lungs out
And get it together, you know ke ya le tlatsa
The sickest, the menace, you know I'm a top dog
The menace I'm at it, okay I can stop now
Nah, fuck that, blow your lungs out
And get it together, you know ke ya le tlatsa
The sickest, the menace, you know I'm a top dog
The menace I'm at it, okay I can stop now

Niggas make up shit
I control the game, y'all niggas should say somethin'
Y'all comparin' lions to sheep, y'all stay frontin'
Man y'all ain't doin' the same shit
Y'all lyin', y'all ain't lit (Ha-ha!)
And if you are y'all aren't as lit as us
I don't share bitches with rappers, I share bitches with ministers
My bitch is a problem, she a Fox like Vivica
If you lookin' for me you can find me where the winners are (Billiato)
Tryna get my business up, ASAP
Never tell people we're friends but we're acquainted
I'ma keep playin' until there ain't a game left
Got a lot of drive but still driven in Maybachs (Yes)

Felin' like a million Rand (Woo)
That's only right 'cause I'm a millionaire (Ha-ha)
I drop the top so I can feel the air
It's lookin' like another win this year

Now scream loud, yeah, blow your lungs out
And get it together, you know ke ya le tlatsa
, you know I'm a top dog
The menace I'm at it, okay I can stop now
Nah, fuck that, blow your lungs out
And get it together, you know ke ya le tlatsa
The sickest, the menace, you know I'm a top dog
The menace I'm at it, okay I can stop now
Scream loud, yeah, blow your lungs out
And get it together, you know ke ya le tlatsa
The sickest, the menace, you know I'm a top dog
The menace I'm at it, okay I can stop now
Nah, fuck that, blow your lungs out
And get it together, you know ke ya le tlatsa
The sickest, the menace, you know I'm a top dog
The menace I'm at it, okay I can stop now

Y'all can go ahead and act like you don't know that I'm HIM, huh?
Akere re tlwalana blind malangeni
He bashimane
A'u nshape ka double tot ya Billiato on the rocks, mo matlapeng daar so
Ke gone go beya sentle taba e
Uh huh

You motherfuckers know who we are
They like "Oh my god!"
We really made it from cha to cha
No ghost writers I did with my own bars
Now I own bar, the billion is not far (Woo)
Always gotta stunt, forgive me, I'm so scarred
I come from far, the luxury is Goyard
Yeah I like Piano but I'm more on Mozart
You can't get this hard with no heart
I'm from 018 where no one is safe
But now I made it to the 'burbs we don't close our gates
Get a couple 100K when I show my face
And this is how it sounds when I go on stage, nigga (Go ahead, haha)

Blow your lungs out
And get it together, you know ke ya le tlatsa
The sickest, the menace, you know I'm a top dog
The menace I'm at it, okay I can stop now
Nah, fuck that, blow your lungs out
And get it together, you know ke ya le tlatsa
The sickest, the menace, you know I'm a top dog
The menace I'm at it, okay I can stop now

Y'all ain't loud enough, I need more
(Cassper, Cassper, Cassper
Cassper, Cassper, Cassper)
Say my name, say my name
