

# Confused

Cassper Nyovest

I don't know what to do right now  
I don't know what my mind is really telling me  
I don't know what to do right now  
I don't know what my mind is really telling me

I'm guessing this is what happens when you take over  
Too much to celebrate to stay sober  
I need a driver for this range rover  
Radio claims to play local  
But all I hear is some Drake vocals  
I mean we're doing okay so far  
But this shit could get better if we realize  
That all we need to do is help each other  
As long as we're alive  
I just want to be as happy as I can be  
Like a stoner after hearing that weed is getting legalized  
Me and my niggas came to Jo'burg for some old clothes  
My new crib made me forget my old home  
That's why I'm back in the hood fucking my old hoes  
Just to remind myself who I was before the Dome sold  
I love looking at my niggas when we celebrate, eish  
The looks on their faces is such a sensation  
Because they relieved, they believed  
When everybody was doubting me  
The naysayers are retracting their statements  
The first time I met Scoop  
He told me I was a star  
But last week he told that me a nigga was falling off  
It's been a while since a nigga felt so much pain  
But he always keep it real with me, so fuck fame  
And it's back to basics  
I look up above and ask for patience  
Ya'll still haven't seen half my greatness  
'Cause I'm yet to do the most  
I'm the best under the oath  
Here's a side eye for those who got a cheque for their votes

Confused  
I don't know what to do right now  
Every time I think I have it all figured and planned  
I get confused  
I don't know what my mind is really telling me  
Every time she says she loves me  
Even though I don't love her, I get confused  
I don't know what to do right now  
Every time I give my all and get nothing in return  
I get confused  
I don't know what my mind is really telling me  
Confused, confused  
Oh

Me and my demons had a holy dance  
But there could never be real peace with no revenge  
I'm out to murder everyone  
Even niggas who know me well  
I see every single album cover as a body bag  
And ya'll probably have better chances playing Michigan

Out the country, they love me like I'm a citizen  
I used to tell them but clearly, they wasn't listening  
It came together way better than I predicted it  
But I won't lie man, success has it's down fall  
The new nigga will always excite the crowd more  
Like I ain't give 'em enough stats to vouch for  
The music about the only thing that I'm proud of  
The other day my mother told me that she's suicidal  
The same soldier who told me that I should read the bible  
Sometimes we have to carry the people we rely on and we, eish  
I'm really tired of hearing bad news  
Especially about black dudes  
And I don't care about who left who  
Everybody is going through some real shit on their own, bro  
We've all got demons that we don't show  
Some people just found out that they are sick and they are dying  
Some can't breathe  
Some parents just lost kids and they crying  
Some got raped and they don't know how to deal with it silently  
Dying in silence  
Then there's despicable violence in our communities  
What are we fighting for?

I don't know what to do right now  
Every time I think I have it all figured and planned  
I get confused  
I don't know what my mind is really telling me  
Every time she says she loves me even though I don't love her  
I get confused  
I don't know what to do right now  
Every time I give my all and get nothing in return  
I get confused  
I don't know what my mind is really telling me  
Confused, confused, oh  
I don't know what to do right now  
Every time I think I have it all figured and planned  
I get confused  
I don't know what my mind is really telling me  
Every time she says she loves me even though I don't love her  
I get confused  
I don't know what to do right now  
Every time I give my all and get nothing in return  
I get confused  
I don't know what my mind is really telling me  
Confused, oh

I don't know what to do right now  
(Right now)  
I don't know what my mind is really telling me  
(I get confused)  
I don't know what to do right now  
(Right now)  
I don't know what my mind is really telling me  
(Oh)  
I don't know what to do right now  
(Right now, don't know)  
I don't know what my mind is really telling me  
(Sometimes I get confused)  
I don't know what to do right now  
(Sometimes I get confused)  
I don't know what my mind is really telling me  
(I don't know what to do)  
I don't know what to do right now

(I don't know know what to do)  
I don't know what my mind is really telling me  
(We, was waiting for you)  
I don't know what to do right now  
(What do you mean now?)  
I don't know what my mind is really telling me  
(Oh)  
I don't know what to do right now  
(Aah)  
I don't know what my mind is really telling me  
(What's wrong?)  
I don't know what to do right now  
(Was waiting)  
I don't know what my mind is really telling me  
(What's wrong? )  
I don't know what to do right now  
(Oh aah)
