I'm a 21st century black man
But me still don't wear no suit, yeah
Never steal, never rob Mr. White Man
Please put your guns down don't shoot me
I'm a 21st century black man
But me still don't wear no suit, yeah
Never steal, never rob Mr. White Man
Please put your guns down don't shoot me
I come with peace and harmony
All I want to do is to feed my family
Said I come with peace and harmony
All I want to do is to feed my family
Me no cause no trouble

I'm a 21st century black man
But me still don't wear no suit, yeah
Want the very same tings as the white man
Wanna go on holiday on a Tuesday
I'm a 21st century black man
But me still don't wear no suit, yeah
I want the very same tings as the white man
I wanna go on holiday on a Tuesday

Me live a stress-free life
I don't got no worries
Cause me tryna do right
Me no want no worries [x4]
Me live a stress-free life

Jabulani [x8]
