Life has been a bliss since the main stream caught on
I'm looking at her physic, thinking ey she's the bomb
A few months ago she called me a lame nigga
Now she can't wait to tell her friends that I came with her

Even forgot she was hating on me
She don't know her ABC so I gave her the D
If she ain't no Amanda du Pont
She ain't tailored for me
'Cause I only fuck with women that's as famous as me

Ngubani uBossa la ekasi lam? Me!
Uzophela umoya ungaphaphi lapho, breathe!
Leba dibala kematsepa
We told them to bump the cheese up
Khokha ntjiza, be ba kutsa bere tailor re re

I told my story (story)
I made a fortune
AKA's favourite rapper
I guess I made it on the Forbes list

You kinda sorta (sorta)
No matter what they order
Akesatsebe ho lighter ke complexion ya gaMshoza

It's funny when the twelebs get to acting like celebs
Used to get frustrated now all I do is get cash
Akes'bhaye salona jy kaan somaar Vootsek
Haa! Claiming you real (hey wena), you little for debt

Piki-paka, sa tlisa makgakga mpintshi tsaka
Ke bone baetseng tsohle dikitsi tsaka skeemi ha a
Nna le wena hare dithaka
Change style go kgohlwe sedidi saka

I had a crazy day, they asking me where the album at
Put out two singles that made niggaz push their albums back
She said she was on her way
But that was 'bout an hour back
I had her butt naked in the pool
Like where the towel at
Properly I devoured that I shouldn't be that far from it
How can it be that honestly?
Really saved me from poverty
Thank God I just went through a metamorphosis
From chilling on corners to corner offices
