

Oh, I can feel it
My heart's heavy right now
Oh, I can feel it
That's why I gotta
Express myself the only way I know how
Oh, I can feel

Yeah, this is the side that I don't share much
The side where success becomes handcuffs
This why we a sad bunch
How could we say we never had nothin' when we had love

We living through Instagram pictures and videos
A filtered reality is beautiful
They even got our sisters mad for material
They give blood and sweat for botshelo bo

I've done enough and I have it all
Not everything but everything I prayed for
And even if, it ain't working out
I know God is still good so we stay stay strong
No more external validation that I need
Cause they can't monetise all this air that I breath

So it don't matter if I'm stuck or I elevate
Everyday is a gift so we celebrate
Oh, I can feel it

Yeah, this for my sisters on the grind working 2 jobs
This for homies on the corner selling lose draws
I know you tryna stay alive I salute y'all
Oh, I can feel it

Yeah, this for the ones who feels lost in this cold world
The devil tryna make you feel like it won't work
Just keep the fire burning while we soul search

Some days I feel strong and complete
Some days it gets heavy like my soul is obese
So how do you approach all of these
You tell yourself you worth gold & unique
It's not over for me
There's still a lot of growth I believe
I survived all over with ease
And still I stand
With black eyes and a couple of war scars
Dubs over Ls on the score card
Nobody in this world that's designed like me
A B-L-A-C-K K-I-N-G
Man been through the gutter
And I'm came of harder

One thing life botshelo ba batla plaka
Le ha go ka nna thata
Le di plane di pala
Nkane ya bo ngwana'ka
Motho a shot a zaka

There's no one like you
This is my truth
I wouldn't change a thing about even if I could

Oh, I can feel it
Yeah, this for my sisters on the grind working 2 jobs
This for homies on the corner selling lose draws
I know you tryna stay alive I salute y'all

Oh, I can feel it
Yeah, this for the ones who feels lost in this cold world
The devil tryna make you feel like it won't work
Just keep the fire burning while we soul search

Keep the fire burning while we soul search
Keep the fire burning while we soul search
Keep the fire
Keep the fire burning while we soul search
I got you, I feel you

Oh, I can feel it
Yeah, this for my sisters on the grind working 2 jobs
This for homies on the corner selling lose draws
I know you tryna stay alive I salute y'all

Oh, I can feel it
Yeah, this for the ones who feels lost in this cold world
The devil tryna make you feel like it won't work
Just keep the fire burning while we soul search

Yeah, this for my sisters on the grind working 2 jobs
