

Dear Goth

Cassyyette

Dear Goth, it's been 666 days since my last confession...

Do I have a sixth sense?
I know that you're listenin'
Or am I insane? (You're insane, I'm not insane)
Easy in the dark
To see the parts I'm missin'
Will we ever meet again? (We're best friends, we're not friends)

My body, My blood
Dear Goth, will I ever be enough?
In my mind, open cuts
Dear goth, dear goth, dear goth

I need help, I'm going out of my mind
Tell me, can you hear me?
Cry, 'cause I've been livin' a lie
Dear goth, dear goth
I can't sleep tonight
I pray my soul to keep
Dear goth, please come for me
Dear goth, dear goth
I can't sleep, don't wanna dream tonight

I can't find a vein, all I wanna do is heal this
I love Mr. Jones but, I can never feel him
Am I broke?
'Cause I'm chokin' on my bones

My body, My blood
Dear goth, will I ever be enough?
In my mind, open cuts
Dear goth, dear goth, dear goth

I need help, I'm going out of my mind
Tell me, can you hear me?
Cry, 'cause I've been livin' a lie
Dear goth, dear goth
I can't sleep tonight
I pray my soul to keep
Dear goth, please come for me
Dear goth, dear goth
I can't sleep, don't wanna dream tonight
I can't sleep, don't wanna dream

If I pray to Goth, I can ask her for a bullet
Put it in my head, should I cock it? (Pull it)
I'm just waiting for forgiveness
I need a revelation
Break the cycle in my sickness

I feel like a creep
Sociopathic user
I've forgotten how to speak
I feel like a fucking loser
Dear Goth, can you help me?
Can you get here any sooner?

'Cause I feel like a creep
I feel like a fucking loser, loser, loser

I need help, I'm going out of my mind
Tell me, can you hear me?
Cry, 'cause I've been livin' a lie
Dear goth, dear goth
I can't sleep tonight
I pray my soul to keep
Dear goth, please come for me
Dear goth, dear goth
I can't sleep, don't wanna dream tonight
I can't sleep, don't wanna dream tonight

Dear Goth, dear Goth
I can't sleep tonight
