

Devil Inside

Cassyyette

Put on my smokin' jacket
Get dressed up for my bad habits
It always feels like magic
Pulls me in just like a magnet, I feel fine
So obsessed with his feelings
I get higher than the ceiling
Some kind of inner-healing
None of this has any meaning, I feel fine

I'm not fine, all I do is cry
Kinda wanna die, kinda wanna numb my mind
I'm not fine, I'm empty inside
Kinda wanna die, this is so...

Alive, oh I'm painting a blue sky
I'm wearing a disguise
Don't look into my eyes
You might see her, the Devil inside

I'm having such a good time
Talking to the voice in my mind
Just say baby; "Girl, you're alright"
You can make it through this alright, I feel fine

I'm not fine, all I do is cry
Kinda wanna die, kinda wanna numb my mind
I'm not fine, I'm empty inside
Kinda wanna die, this is so...

Alive, oh I'm painting a blue sky
I'm wearing a disguise
Don't look into my eyes
You might see her, the Devil inside

Oh, the Devil inside
Oh, the Devil inside

I'm not fine, all I do is cry (oh-whoah)
Kinda wanna die, kinda wanna numb my mind (numb my mind)
I'm not fine, I'm empty inside (ooooh-ooooh)
Kinda wanna die, this is so alive (ooh-whoah)
I'm not fine, all I do is cry (oh-whoah)
Kinda wanna die, kinda wanna numb my mind (ooh-whoah)
I'm not fine, I'm empty inside (oh-whoah)
Kinda wanna die, this is all (whoah)

Alive, oh I'm painting a blue sky
I'm wearing a disguise
Don't look into my eyes
You might see her, and see...
The light, oh I'm painting a blue sky
I'm wearing a disguise
Don't look into my eyes
You might see her, the Devil inside
