

# Mayhem

Cassyyette

You call it growing pains  
I call it needing space  
We're locked in a comedown  
Why can't you calm down?

Welcome to the bottom line  
Got to the bottom line  
Like how can you pretend we're fine?  
Yeah

I can't take it anymore  
When we're fighting, slamming doors  
Wasted on my bathroom floor  
It's mayhem  
Mayhem

Why do I play dead?  
I can't keep waiting  
A quiet sadness  
Just turns to madness

Welcome to the bottom line  
Get to the bottom line  
Like how can you pretend we're fine?  
Yeah

I can't take it anymore  
When we're fighting, slamming doors  
Wasted on my bathroom floor  
It's mayhem  
Mayhem

Oh, your love is just a chore (Just a chore)  
I know you are pretty bored  
You don't need me anymore  
It's mayhem  
Mayhem

I can't keep waiting, waiting, waiting  
I can't keep waiting, waiting, waiting (I can't keep waiting, I can't  
keep waiting)

I can't take it anymore  
When we're fighting, slamming doors  
Wasted on my bathroom floor  
It's mayhem  
Mayhem

I can't keep waiting  
It feels like mayhem
