

# Over It

Cassette

Some things I can't undo  
(I wish I could)  
Coz I'm bruised and so are you  
Laying there in our room  
(I wish I could)  
Are you thinking about me too?

Losing sleep every night  
Troubled thoughts like parasites  
I can't stop them I can't hide  
Though I try

I keep going over it over in my mind  
But I'm not getting over it over it  
I put it all to bed and pretend that I don't mind  
But now I see you're over it  
Oh, I just can't get over it I

Sugar coat my wounds in salt  
(I wish I could)  
Tell me it's all my fault  
You don't swallow any pride  
(I wish I could)  
Wrapped in a web of lies

I keep going over it over in my mind  
But I'm not getting over it over it  
I put it all to bed and pretend that I don't mind  
But now I see you're over it  
Oh, I just can't get over it I

You and I can't be together  
When you're holding out for something better  
Nothing ever lasts forever  
But I'm holding on because

I keep going over it over in my mind  
But I'm not getting over it over it  
I put it all to bed and pretend that I don't mind  
But now I see you're it  
Oh, I just can't get over it
