

Sugar Rush

Cassyyette

Look at me, look at me as I reappear
It's the light, not the night that I seem to fear
I've been craving that taste, need a remedy
Sickly soft, candy floss, solvent saccharine

Waiting for the gloam
I feel it coming on
It's rotting out my teeth
But it tastes so sweet

I want that sugar rush
I wanna, I wanna, I wanna take it
All gimme that sugar rush
I'm gonna climb into the rabbit hole
I'm not going home
I want that sugar rush
I'm gonna, I'm gonna take it all till it's gone

In the void I avoid all reality
So I'll drift, shape and shift for eternity
I'll go up into space, swallow galaxies
Let it drip, feed my brain like a memory

Waiting for the gloam
I feel it coming on
It's rotting out my teeth
But it tastes so sweet

I want that sugar rush
I wanna, I wanna, I wanna take it
All gimme that sugar rush
I'm gonna climb into the rabbit hole
I'm not going home
I want that sugar rush
I'm gonna, I'm gonna take it all till it's gone

Sugar rush, sugar rush
Taste so sweet, it's murderous
Sugar rush, sugar rush
Taste so sweet, it's murderous
Sugar rush, sugar rush
Taste so sweet, it's murderous
Sugar rush, sugar rush
Taste so sweet, it's murderous
Sugar rush, sugar rush

I want that sugar rush
I wanna, I wanna, I wanna take it
All gimme that sugar rush
I'm gonna climb into the rabbit hole
I'm not going home
I want that sugar rush
I'm gonna, I'm gonna take it all till it's gone
